JAPANESE GIVE WILSON APPROVAL

Resolutions heartily approving the steps taken by the president and congress relative to war with Germany were adopted by the Japanese American Citizens' Association at a meeting of about 35 of their members in Attorney Lorrin Andrews' offices last night.

The association also went on record as being in favor of universal military training and will send a formal statement to this effect to Governor Pinkham and President Wilson. Members of the association also offered their services to the president in event of war.

Edward Townsend, chairman of the executive committee, introduced the resolution backing up the action of the chief executive and congress. He was seconded by A. K. Ozawa, president of the association. There are about 75 members in the association, all Japanese voters born in Hawaii.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of lime-stone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.—Adv.

Because Dr. Hanchett, named by Dr. R. G. Ayer as his substitute during his month's vacation, has not lived here a year the appointment was disapproved by the board of supervisors and Dr. Lawrence L. Patterson named instead. The latter's name will be presented to the board of supervisors this evening for approval.

TAKES NATURALIZATION PAPERS, GOES TO JAPAN

Carl Gustav Adolph Stiff received his naturalization papers in federal court this morning simultaneously with a passport for Japan, where he will travel for his health. Stiff had to declare under oath to Judge Vaughan that he was not obtaining the naturalization papers at this time for the sole reason that he could go to Japan under protection of the United States. He said he had intended to take out the papers for some time but had been delayed by illness.

NO DAMAGES ARE AWARDED TO HUTCHINS IN SUIT

In the C. I. Hutchins damage suit case against the Great Northern Judge Vaughan this morning handed down a decision adverse to the former and favorable to the latter, the libellee, allowing the libellant no damages. Attorney Davis for the libellant noted an exception and filed notice of appeal to the United States circuit court of appeals, ninth circuit, San Francisco.

Lum Wai, who was arrested yesterday by customs inspectors with \$1500 worth of opium in his possession, has waived a hearing before the United States commissioner and is bound over to the federal grand jury.

ACCIDENTS KEEP HOSPITAL BUSY

Four accidents coming in quick succession inside of an hour last night kept the emergency hospital ambulance and attendants busy.

About 7:15 Police Surgeon R. G. Ayer got his first case when M. G. Silva, in an auto on North King street, ran down John Mahuku whose left leg was broken. He is now at the Queen's Hospital. Silva was arrested for heedless driving and will be heard tomorrow. He is out on his own recognizance.

Corp. McAllister, Co. I, 32d Inf., was the next victim. He ran to catch the Waialae car which was just crossing the bridge across the stream near Aala park. He missed his grip and was crashed to the timbers. Corp. M. J. Blessing caught and saved him from falling in the stream. He is now at the Department Hospital, Fort Shafter.

Shortly after, Leong Tong was knocked down by a car driven by H. Waiale on Hotel street near the Wo Fat restaurant. Tong was taken from the emergency hospital to the Queen's Hospital. He is in a serious condition. Waiale will be tried on a charge of heedless driving April 10.

The ambulance was then caught at the Queen's Hospital and sent to the Standard Oil Company's premises where James Kuseczk had been dismembered and killed by a freight train backing down the track. An inquest will be held tomorrow. Kuseczk was employed by the Honolulu Lime Co. and lived in the vicinity of the accident.

Excelsior Lodge, I. O. O. F., will have a whist tournament tonight at its regular meeting.

FIVE MEN NOW IN MAYORALTY RACE

Five men are now in the race for the office of mayor of Honolulu and the prospects for a hot fight is bright.

Charles N. Arnold, present member of the board of supervisors and chairman of the road committee of that body, is the latest candidate to announce his name and John Hughes is another. Joseph Fern, John C. Lane, the present mayor, and J. C. Cohen have already come out and actively begun their campaign. Taken as a whole, they will make a very pretty field.

New candidates for supervisors are Jesse Ululih and Charles Holoua.

Today David Kalanikalan, county clerk, said that he had the nomination papers ready for distribution but they cannot be filed until the primary proclamation which will not be issued until the legislature settles the charter question.

COAST ARTILLERY CORPS GIVEN ROOM IN ARMOY

Until the legislature appropriates sufficient money to erect an armory at Fort De Russy, temporary quarters have been allotted the two companies of the coast artillery corps of the National Guard in an upstairs room of the armory on Hotel street. The men of the companies have received a large part of their equipment and are now busily assorting and distributing it.

John P. Germaux and Benjamin Hagoposkajian were naturalized in federal court yesterday and the Pinetac Co., Ltd., was adjudged a voluntary bankrupt.

Says Simple Remedy Prolonged His Life

Dr. Caldwell's Syrup Pepsin Effective as a Remedy for Constipation

Among older people the various organs of the body have a tendency to slow up and weaken, and this is usually first manifest in a pronounced inactivity of the bowels.

Good health is dependent on regularity in this important function; whatever there is the slightest indication of constipation a mild laxative should be taken to relieve the congestion and dispose of the accumulated waste. Cathartics or purgatives should not be employed, however; these are too violent in action and their effect is only temporary.

A mild laxative such as the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, is the ideal remedy. It is gentle in its action, bringing relief in an easy, natural manner, without griping or other pain or discomfort, is pleasant to the taste, and can be obtained in any drug store.

Mr. Robert Le Forgee, 918 Kirkwood Boulevard, Davenport, Iowa, says he has always had a bottle of Dr. Caldwell's Syrup Pepsin in the house for the past eighteen years, and that by using it occasionally as the need arises, and in this way keeping his

health good, it has prolonged his life and brought ease and comfort.

Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere, and costs only fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois, or by calling at Benson, Smith & Co., wholesale distributors, Honolulu.

Announcement to the Patrons of the**Metropolitan Meat Market**

THE EXTENSIVE REBUILDING OPERATIONS at this market have arrived at a stage where it will be necessary for the builders, the marble and tile contractors and the refrigerating plant construction workers to "have things to themselves" for a little while in the main part of our King street establishment.

In order that their task of installing the modern equipment may be hastened to completion, it now becomes imperative that we give them more room to work in, also to afford them an opportunity to remove the present refrigerators on the Waikiki side of the Market and rebuild them along the most improved lines.

We would therefore request that our patrons give us their orders **BY PHONE ONLY**, beginning next **FRIDAY, APRIL 6**, as the Market will then have to be closed for a period of from three to four weeks.

Arrangements have been made to increase our delivery service during this period to accommodate customers in every part of the city. Besides the regular morning deliveries there will be one in the afternoon also, to cover all but the far-lying districts.

Phone orders will, of course, be given as careful attention as though purchases were made in person, and we believe that our patrons will cheerfully adopt this means for a little while in dealing with the Market of Quality.
